TXLA's liability is agreed and understood to be \$.50 per pound multiplied by the number of pounds (or fractions thereof) of each piece(s) of the shipment which may have been lost, damaged, or destroyed (but not less than \$50.00 per shipment), unless a higher value is declared herein and applicable charges paid thereon, or the actual value of such piece(s), whichever is less, or the amount of any damages actually sustained, whichever is the least amount. However, commodities may be deemed to have a lesser value, in which case the values stated in the governing tariffs will apply.
